

## Dual Lamp Emergency Light | HO & Remote Control Optional

Illuminate your space with the perfect balance of safety and style. The Brady Double-Head LED Exit Emergency Light is a sleek, modern solution that ensures both functionality and aesthetic appeal. With a powerful 240 lumens of brightness and a crisp 5700K color temperature, it offers clear, efficient lighting while maintaining an energy-efficient design. Its 70 CRI ensures true color rendering, while the double heads and damp location rating make it versatile for various settings.
